## MINISTRY OF COMMERCE

(Office of the Chief Controller of Imports &amp; Exports)

## ORDER

New Delhi, the 11th April, 1991

S.O. 1177.—M/s. Rockhard Building Materials Ltd., Hyderabad were granted an import licence No. P/CG/2125991/S/WP/15/H/CG. III dated 22nd February, 1990, for Rs. 1,27,53,710 (one crore twenty seven lakhs fifty three thousand seven hundred & ten only) for import of Second Hand Sandlime Bricks plant, under Foreign Currency Loan from Financial Institutions, such as IFCI/IDBI/ICICI. The firm has applied for issue of Duplicate Licence Exchange Control Copy for full value of rupees 1,27,53,710 (Rs. one crore twenty seven, lakhs fifty three thousand seven hundred & ten only) on the plea that the Original licence (EC Copy), has been lost/misplaced. It has further been stated that the above noted licence has not been registered with any Customs Authority and has not been utilized.

2. In support of their contention, the licensee has filed an affidavit or stamped paper duly sworn in before a Notary Public. I am accordingly satisfied that the original licence (Exchange Control Copy) No. P/CG/2125991/S/WP/15/H/90/CG. III dated 22nd February, 1990 has been lost/misplaced by the firm. In exercise of the Powers conferred under Sub-Clause 9(d) of the Import (Control) Order, 1955 dated 7th December, 1955 as amended the licence No. P/CG/2125991/S/WP/15/H/90/CG. III dated 22nd February, 1990, (only Exchange Control Copy) issued to M/s. Rockhard Building Materials Ltd., Hyderabad, is hereby cancelled.

3. A duplicate copy of the licence is being issued to the party separately.

## MINISTRY OF LABOUR

New Delhi, the 3rd April, 1991

S.O. 1184.—In pursuance of section 17 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby publishes the award of the Central Government Industrial Tribunal, Andhra Pradesh as shown in the Annexure, in the industrial dispute between the employers in relation to the management of Singareni Collieries Co. Ltd., and their workmen, which was received by the Central Government on the 3-4-91.

## ANNEXURE

BEFORE THE INDUSTRIAL TRIBUNAL AT  
HYDERABAD

## PRESENT :

Dated . 18th March, 1991

Industrial Dispute No. 43 of 1989

## BETWEEN :

The Workmen of S.C. Co. Ltd., Bellampalli, Adilabad Dist. (A.P.).

## AND

The Management of S. C. Co. Ltd., Bellampalli, Adilabad Dist. (A.P.).

## APPEARANCES :

Sri B. Ganga Ram, Chief Vice President, S. C. Workers' Union, for—the workmen.

M/s. K. Srinivasa Murthy, G. Sudha, Mitta Das and V. Usha Rani, Advocates for—the Management.

## AWARD

This reference is made by Government of India, Ministry of Labour by its Order No. L-22012(222)88-D.IV.B dated 28-6-1989 for adjudication of the dispute exists between

the employers in relation to the Management of Singareni Collieries Company Ltd., Bellampalli and their workmen setting forth the point for adjudication in the schedule appended thereto as follows :—

“Whether the action of the Management of M/s. Singareni Collieries Co. Ltd., Bellampalli Area in denying promotion to S/Sri Adepu Ramulu and Kondapalli Sathaiah, Trammers of Golet 2 Incline, is justified? If not, to what relief the workmen concerned are entitled?”

The said reference was registered as Industrial Dispute No. 43 of 1989 on the file of this Tribunal. After receiving the notices from this Tribunal, both the parties put in ‘appearance’ and the Petitioner filed the claim statement on 11-9-1989 and the Respondent filed the counter on 31-10-1989.

2. The averments of the claim statement filed by the Petitioner read as follows :—

That Sarvasri Adepu Ramuloo and Kondapalli Sathaiah, Trammers working in Golet 2 Incline in Bellampalli area have been working as Munshies in officiating capacity since years together in clear vacancies and have been getting officiating allowances. (A) Sri Adepu Ramuloo has been acting as tramming Munshi from the month of December, 1985. He was transferred to Golet 2 Incline in August, 1984 and has been officiating as Munshi in Golet 2 Incline in clear vacancy because in that mine Sri B. Laxmaiah Munshi was retired in the month of November, 1985. (B) Sri Kondapalli Sathaiah has been working as officiating Munshi in Golet 2 Incline from August, 1984 i.e. since above 3½ years in the clear vacancy and was getting acting allowances. In this clear vacancy, prior to August, 1984 Sri Raj Reddy of Smg. 3 Incline was posted as Munshi in Golet 2 Incline but he met with mine accident and could not come to Golet 2 Incline hence vacancy continued. In this way both of the above workmen have been working as acting Munshies in clear vacancies since 2½ years and 3½ years upto December, 1987 but unfortunately, they have been stopped from officiating as Munshies from December, 1987 and some others have been posted in these vacancies. Why these officiating Munshies were not sent for test and not confirmed as Munshies, is itself evidence that management resorted to unfair labour practice.

The action of the management is nothing but discrimination and violation of the Law of the land. The legal position is that if a workman works for one year continuously in a permanent vacancy, he should be treated as permanent. We are citing the following passage from the Supreme Court's judgement :

“Held.—That the definition of permanent workmen did not require that such workman should be employed throughout the year. The work on which he is engaged should be of a permanent nature and should last throughout the year. The proper construction of the definition of a ‘permanent workman’ is that he must be a workman engaged on a work of permanent nature, which last through out the year”.

(Jaswanth Sugar Mills Ltd. v. Badai Prasad), 1961 LLJ, 649-5 S. C. LJ 3474. From the above extract of the Supreme Court's Judgement, it is crystal clear that the above said two officiating Munshies Sarvasri Adepu Ramuloo and Kondapalli Sathaiah should have been treated as permanent Munshies from the date of completion of their one year's continuous officiating service as Munshies. The action of the management in removing the above said 2 workmen from the job of Munshies from December 1987 and posting junior most persons is nothing but unfair labour practice. As per the 5th Schedule of the I.D. Act 1947 item 10 under the heading unfair labour practice it is stated that the em-

ploy workmen is badlies, casual and temporaries and to continue them as such for years. With the object of depriving them of the status and privileges of permanent workmen comes under the unfair labour practice. In another case the Delhi High Court has observed as follows :

“The normal rule is that the seniority is governed by the period of continuous officiating Service in the absence of any other seniority rule. The period of continuous officiation will therefore be the governing principle”.

J. P. Gupta v. Delhi Municipal Corporation) 1986 (19) L.I.C. 1817 (Labour Law Digest Volume II 1979-87).

The above case law is clear that the continuous officiating seniority is the governing principle but in Singareni Collieries Company Limited there is no rule either regarding seniority or promotion. Hence the action of the management in removing the above said two officiating Munshies from their continuous officiation in clear vacancies and persons the junior most persons in their place and denying to confirm them as permanent Munshies in the clear vacancies is quite unfair and unjustified. Even as per the standing orders of the Singareni Collieries Company Limited if a person works continuously for a period of 3 months he will be treated as a permanent workman. Therefore, we pray the Hon'ble Tribunal to consider over the above facts and pass Award that S/Sri Adepu Ramuloo and Kondapalli Sathaiah should be treated as permanent Munshies from the date of completion of their one years continuous officiation and provide justice.

3. The averments of the counter filed by the Respondent read as follows.—At the outset this Respondent denies the various allegations made in this petition except those which are specifically admitted and the petitioner is put to strict proof of the same. Without prejudice to the rights of this respondent it is respectfully submitted that the petitioner union as well T.C.M.L. Union entered into a settlement with the management on 24-2-1984 under Section 18(1) of the Industrial Disputes Act with regard to promotional avenues of Trammers to be posted as Munshies and the said Settlement is binding on the petitioner herein so long as the settlement is in vogue and the petitioner union is not entitled to raise a industrial dispute with regard to the matters covered under the said settlement. Thus, the reference is bad in law and not maintainable. On this ground alone the petition is liable to be dismissed in limini. Para-1 being reference need no reply. With reference to para-2, it is true that Adepu Ramulu and Kondapalli Sathaiah are working as Trammers in Golet-2 Incline in Bellampalli Area. The allegation they are officiating years together in clear vacancies and have been getting officiating allowance is not correct and the petitioner is put to strict proof of the same. Some of the material facts have been given in wrong perspective to suit their convenience. It may be noticed some of the Trammers who are officiating as Munshies applied for clear vacancy post and sat for the test and failed in the examination. As such the petitioner Union and T. C. M. L. Union made the representation to the Management that the Trammers who are having good experience and officiating as Munshies and whose promotions got stagnated in the area should be given a chance for promotion and they should be permitted to sit for the test held for Munshies. As desired by them and also to maintain industrial peace the Management entered into the settlement under Section 18(1) of the I.D. Act on 24-2-1984. According to the Settlement Management has to give one more chance to six trammers who have already failed in the examination, and this was agreed by the management as special case and the Union also agreed not to quote them as a precedent. Further the Unions agreed that the practice in vogue at present for selection of Munshies of Grade-I will be followed in future also without any change and no relaxation need be made in the qualification. In the case of Sri Adepuramulu and Sri Kondapalli Sathaiah management strictly followed the same principle. As on the date of the settlement Sri Adepu Ramulu and Sri K. Sathaiah are not at all eligible even to act as Munshies.

It is further submitted the management for giving fair promotional opportunities and chances divided the mines into areas and regions which will enable the Company to protect all the seniors as well as eligible candidates; should get equal opportunity. It may be noticed prior to 1976 Kothagudem and Yellandu were treated as separate units; and Bellampalli and Ramagundam were treated as one unit for the purpose of promotional avenues. In view of the Union representations and also to give fair chances to every senior workman according to the Unions recommendations, management changed the regions. Thus, for the purpose of seniority and promotion for Munshies Kothagudem, Bellampalli and Ramagundam are treated as separate units. This procedure was in vogue from 2-8-1976 to 6-10-1986. Once again the Unions made representation that was the reason the regrouping was done and all the mines were divided into 10 areas taking into consideration their geographical continuity. Accordingly, Kothagudem, Yellandu, Manuguru as one Region; Ramagundam-I Ramagundam-II and Ramagundam-III as one region; Bellampalli, Mandamarri, Ramkrishnapur and Sirampur as one region, for the purpose of seniority and promotions. Thus seniority lists have been prepared. It is respectfully submitted the Munshi post is a selection post. There is a written test as well as interview for selection of candidates to the Munshi post. The Respondent company basing upon the available vacancies either it can call by paper publication or promote from the trammers to the post of Munshie by permitting all the seniormost trammers according to their region to sit for the test and who who pass in the test. Thus, the Munshie post is a seniority-cum-merit post. In the year 1981 the respondent Company conducted a test and prepared the list of selected candidates and posted all senior-cum-merit (passed candidates) in available vacancies. The Unions raised a demand that those who have once passed the test need not pass the test once again as they have already passed the examination and satisfied the management. It was further pleaded that a waiting list may be maintained for all the available candidates (successful trammers) and they may be given promotions. There are 48 candidates who are successful trammers. The Union approved the said list under the Settlement dated 24-2-1984. The management has now to comply the said settlement. The said list is still not exhausted and as and when available munshie vacancies came up the senior successful candidates were posted in that particular region. Thus, in the Bellampalli Region there are still successful trammers waiting for the available vacancy. Under those circumstances the petitioner union cannot make a demand that to consider the cases of Adepu Ramulu and Kondapalli Sathaiah. Goleti-2 Incline Mine is covered under Bellampalli Region and merely because they have acted for certain period because of exigencies they are not entitled for promotion. With reference to para-2 A it is submitted that in Goleti No. 2 Incline Sri B. Laxmaiah, Munshie was working and he retired in the month of November, 1985. Sri Adepu Mallaiah, a successful Trammer of RK-1 Incline mine who was in the waiting list for promotion and in compliance of the settlement dated 24-2-1984 Management posted him B. Laxmaiah's post. In view of certain administrative reasons Sri Adepu Mallaiah could not come immediately. As such, Sri Adepu Ramulu acted in that post. Sri Adepu Ramulu has no right to make a claim for that vacancy. Now there is no clear vacancy at all. With reference to para-2B it may be noticed Sri Raji Reddy who was eligible and successful senior candidate in the waiting list was posted as Munshie, from SMG-3 Incline to Goleti-2 Incline mine and for his personal reasons Sri Raji Reddy could not report for duty at Goleti-2 Incline. That was the reason, though Sri Kondapalli Sathaiah was not having minimum requisite qualification, was posted to act for some time. Basing on the seniority-cum-merit list Sri Lal Mohd. of RK-1 Incline was posted to Goleti-2 Incline. Even Sri K. Sathaiah has no right to make a demand to work in the place of Sri Raji Reddy. Further at present there is no vacancy also. With reference to para 3 the allegation that the workmen in dispute put 2-1/2 years 3-1/2 years but they were not given the post and they are entitled for the same is not correct. The allegation that the management adopted unfair labour practice is also totally false. It may be noticed no workman by virtue of officiating will become

eligible for the post. For promotion to a higher post all the workmen have to follow the procedure given in the abovementioned paragraphs and have also to pass in the test and interview. In Bellampalli region the seniority list given has to be completed first. Otherwise the management will be violating the procedure contemplated in I.D. Act and liable for further action. It is unfortunate the petitioner union is a party for the settlement cannot now make an allegation that the management resorted to unfair labour practices and the petitioner is put to strict proof of the same. Until the entire seniority list of all the successful candidates is not exhausted the others are not entitled to claim for the post of munshies. It is further submitted the candidates are not having the minimum qualification to become eligible to sit for the examination. Mere acting will not give any right to the Union to make a demand for promotion post. It is well settled law for the purpose of promotion from a lower grade to higher grade the management will study with regard to the need, available vacancy, skills required, aptitude of the persons, then select them as per prescribed norms of minimum qualification and all those selected seniormost and having minimum qualification are promoted to sit for the test and they have to pass the test. Then on seniority-cum-basis promotions are given according to the list. Giving promotion is a managerial function and the management has not violated any of the established procedure or the settlements. The management could not exhaust the list by the time the petitioner union raised the dispute. This fact was brought to the notice of the union as well as to the Conciliation Officer. In spite of that the petitioner union being one of the powerful and influential unions raised the dispute and got it referred to this Hon'ble Court. Thus, the reference is bad in law. It is further submitted that in the year 1989 once again eligible candidates were called because of some of the successful candidates in the waiting list are going to be promoted and the list going to be exhausted. Until all those candidates are exhausted these workmen cannot come for competition. As on the date of raising the dispute both the workmen in dispute are not competent even to sit for the examination as they are not having the minimum eligibility. With reference to para 4 the allegation the management violated the law of the land and legal position is not correct. There is no such law that if a workman continuously works for a year he is entitled for the post. The judgements cited by the petitioner union are not applicable to the petitioner's case. The Management has not violated the V. Schedule to the I.D. Act. The allegation the object of the Management is to deprive the status and privileges of the workmen is not correct. The workmen in dispute are appointed to act Munshies only to meet the exigencies. In fact in the permanent posts there are more number of workmen than the required number to cover leave, absenteeism vacancies as well as to meet emergencies. Because of heavy absenteeism in the company management was constrained to the Badlies, casuals and temporary workmen. The petitioner union by picking and choosing certain lines out of the context from the judgements and incorporated them in para-6, 7 and 8 and making a demand for promotion. The facts of those cases are totally different from those of the present case. The allegation that there is no rule either regarding seniority or promotion is not correct. The further allegation that who continuously officiating in a post should be given promotion is not correct and it is contrary to the established practices and settlements. Further the management is promoting the juniormost people is not correct. Sri Adepu Mallaiah and Lal Mohammed are seniors to the workmen in dispute who occupied the Goleti-2 Incline munshies posts. There is no case on merits for the petition. The workmen were already made permanent while they were in General Mazdoor category and the clause of the Standing Orders was misquoted by the petitioner union for the purpose of promotion. There are no merits in the case of the petitioner. This Honourable Court may be pleased to dismiss the claim petition.

4. W.W1 was examined for the petitioner and Petitioner's side was closed. Exs. W1 to W4 were marked for the Petitioner and the matter stands posted for Respondent's side evidence. At this stage both the parties filed a joint memo of compromise on 18-3-1991 compromising in the

matter between themselves. The compromise was recorded in the interest of keeping peace and harmony in the industry and good relationship between the Management and the workmen. In view of the compromise entered into between the both the parties, I am of opinion that there is no need to pass an Award on merits in this case and award is to be passed in terms of the compromise entered into between both the parties.

5. In the result an Award is passed in terms of joint memo of compromise filed by both the parties. The joint Memo of compromise filed by both the parties is appended to this award. There will be no order as to costs.

Dictated to the Stenographer, transcribed by him, corrected by me and given under my hand and the seal of this Tribunal, this the 18th day of March, 1991.

TRIBUNAL (CENTRAL) HYDERABAD  
I.D. No. 43 of 1989

#### BETWEEN

Workmen of Singareni Collieries Co. Ltd., Bellampalli, Adilabad Dist., A.P. Petitioners.

AND

Management of Singareni Collieries Co. Ltd., Bellampalli (P.O.), Adilabad Dist., A.P. Respondent.

Joint Memo of Compromise by both the parties

It is respectfully submitted that the above Petitioners hereby pray as follows :—

The Petitioners have settled the dispute with Management i.e. M/s. Singareni Collieries Company Limited, Bellampalli, out of Court and the Petitioners are withdrawing the case with immediate effect as the dispute with

regard to above Industrial Dispute is amicably settled out of Court.

The Respondent Management i.e. M/s. Singareni Collieries Company Limited, Bellampalli, after holding several discussions with the Petitioner Union, has agreed to promote the workmen in dispute with effect from 1-11-1990 and as such Petitioner Union is withdrawing its claim unconditionally as the dispute is settled out of Court.

As far as demands in the above I.D. is concerned, the Petitioner shall not claim any relief from the Hon'ble Court and the Petitioners have no grievances with the Management i.e. M/s. Singareni Collieries Company Limited, Bellampalli. As such, there is no dispute between the parties now as the matter is settled out of Court.

It is prayed that the Hon'ble Court may be pleased to record this Joint Memo. and pass such necessary orders in terms of settlement arrived between both the parties  
Sd/- Illegible  
Petitioners.

#### AWARD

This is a reference made by the Government of India, Ministry of Labour by its Order No. L-21011/16/85-D. III(B), dt. 17-3-1987 for adjudication of the dispute between the Management of Singareni Collieries Company Limited, and their workmen setting forth the point for adjudication in the schedule appended thereto as follows :

"Whether the action of the Management of Singareni Collieries Company Limited, Bellampalli in not paying appropriate Wage Board rates to the 50 Casual Workers employed in the Main Stores, Bellampalli as per Annexure-I and not confirming 37 workers as permanent workers as per Annexure-2 is justified? If not, to what relief they are entitled?"

The said reference is registered as Industrial Dispute No. 12 of 1987 on the file of this Tribunal. After receiving the notices, both the parties put in their appearance and the Petitioner filed the claim statement on 12-10-1987 and the Respondent filed the counter on 29-12-1987.

2. The averments of the claim statement filed by the Petitioner read as follows : Annexure I is the list of 50 workers engaged from July, 1980 and stopped from 3-5-1985 during pendency of conciliation proceedings. Annexure-II is the list of 37 workers engaged in 2 batches of 18 each after termination on 3rd May, 1985 and reengaged only 36 persons out of 50 workers on 28th June and 8th July, 85. Including Sri A. Narayana who is not contractor but is working as muccadam. Including him the list comes to 37 persons. Annexure-III is the list of 37 persons working at the time of reference of the dispute to the adjudication. Out of 37 persons 22 persons are the old workers continuing from July, 1980 and the remaining workers are engaged from different dates. The case of the 50 workmen is that the management has been extracting all kinds of jobs from them so called casual labour on par with and along with other permanent workers in the main stores Bellampalli. Out of these 50 workers 30 have been working in 3 shifts on band saw for carrying and supplying timber upto band saw. The other 20 workers engaged all kinds of jobs in general shift on par with and along with permanent workers. They are paid Rs. 11.10 per day on piece rate basis @Rs. 3.70 per tonnes on 3 tonnes each. One of them Sri A. Narayana is given payment of all casual workers and his payment is made from the earnings of these 50 workers. Sri A. Narayana is being posed as a contractor but in fact he is a casual labour working as a muccadam. He is not having any valid licence from the very beginning. Anyhow neither he is a contractor nor the workers are contract labour. This is nothing but malpractice and crude form of bonded labour system, prevalent in the main stores Bellampalli. The nature of jobs of these workers are loading unloading of chocks cross bars, props, gurdars, bare explosives and iron etc.—cutting timber on band saw carrying timber from heaps and putting near band saw for cutting carrying heavy materials from one place to another alongwith stores tyndals which are of permanent nature, performed daily by the regularly employees of the principal employer and the so called contract labours. As per the provisions of rule 25(2)(a) of the Contract Labour (R&A) Control Rules, 1971, they are entitled to get same wages rates, holidays, hours of work, and other conditions of service as applicable to the workman directly employed by the Company (P.E.) On 29-3-1985 when the dispute was raised before Asst. Labour Commissioner (C), Mancheril for payment of wage board rates with retrospective effect conciliation was held on 26-4-1985 and after that management stopped all the 50 workers during the pendency of conciliation proceedings. On 3-5-85 the union protested against the illegal termination of 50 workers and on this the ALC(C) Mancheril sent a saving gram message of 4-5-1985 and instructed the management to maintain statusquoante. After 7 weeks a batch of 18 was engaged and thereafter another batch of 18 was engaged. Sri A. Narayana who has been posed by the management as a contractor is not having any valid licence of any contract and he is paid from the wages of these casual labours as he supervised their work and draws amount from the management and disburses the wages of the workers. As a matter of fact Sri A. Narayana is not a licenced contractor but these workers are engaged directly by the management under the Dy. Controller of Stores and the management is supervising and controlling their jobs. Since all of these workers have been doing permanent nature of jobs, all of them should be paid wage board rates from the period from July 1980 along with all other fringe benefits and he confirmed as permanent workers. There are many case laws where in it was held that when both were doing the same kind of job and one was not more skilled than the other, the award to both was unexceptionable. In this connection, the decision of Madras High Court is clear. I am citing the extract from this decision. In the dispute between the workmen of Best and Crompton Industries Limited versus The Management, the honourable Madras High Court has stated as follows :

HELD :

“Dispute of workman in the contract labour (Regulation and Abolition) Act, 1977 imply that if the workmen are not hired through a contractor holding a valid licence under the Act, he would be a work employed by the Management itself. If the management was aware that contractor had no valid licence the workman would not be contract labour within the meaning of S. 2(2) of the Act if the management engaged the services of workmen and paid their wages through the contractor, the contractor will have no existence in the eye of law. It would thus lead to the opinion that there is but direct relationship between the management and workmen engaged through contractor.”

Citation:—LLJ 1985—I page 492, 493.

Therefore we demand that all the 50 workers as per Annexure-I should be paid wage board rates i.e. minimum category I wages of General Mazdoors and all other benefits as per NCWA-I, NCWA II and NCWA III from the month of July, 1980 to 3rd May, 1985. The 37 workers as per the Annexure-II should be confirmed from the date of their appointment i.e. July, 1980 and should be paid all other fringe benefits with retrospective effect. Out of 37 workers as per list of Annexure-II, at present 22 are continuing in the service and the others 15 have been already recruited by the company who have won the running race and they should be also brought back to the main stores alongwith 22 persons continuing from the very beginning. The 15 workers who are replaced in the place of those who won running race and recruited in the company also should be paid wage board rates and all others fringe benefits from the date of their appointment as per annexure-III.

Note:—Supplementary claims statement showing further details of different workers will be filed shortly.

3. The averments of the counter filed by the Respondent read as follows :—At the outset this Respondent denies various allegations made in the claims statement except those which are specifically admitted herein and the petitioner is put to strict proof of the same. Para 1 of the counter being reference need no reply. The employees list given in the annexures as mentioned in para 2 are not the employees of the company, they were engaged as casual labour by the contractors as and when management engaged contractors for exigencies of work. It is submitted that for the purpose of mining operation huge amount of timber is required as such timber is brought through contractors and other parties which is supplied to the Company by lorries and wherever railway track is there it is transported through railway wagons and the Respondent has no knowledge actually when the loaded lorries and railway wagons will be coming and as work of loading and unloading operation being intermittent in nature management engage contractors for the said operation. The contractors in turn engage casual labourers to carry out the work. If these lorries/wagons are not unloaded in time the company has to pay heavy demurrages. That was the reason they engage contract labour to carry out the work. The management engaged G. Jayaram and A. Narayana as contractors for carrying out the loading and unloading operations and some of the workmen listed in the annexures of the reference were engaged by those contractors as their labourers. It is submitted that workmen in dispute being contract labour there is no industrial dispute between management and these workmen and reference itself is bad in law as the Contractor Labour (Regulation and Abolition) Act appropriate steps have to be taken but not by raising a dispute and make reference. The reference is bad in law and petitioner is not entitled for any relief. This Hon'ble Tribunal has no jurisdiction to adjudicate the dispute. The reference being not maintainable this I. D. has to be dismissed in limine. Without prejudice the rights of the management the following contentions have been raised. With reference to para 3 the allegation that the management is extracting all kinds of jobs from them so called casual labour on par with and along with other permanent workers in the main stores, Bellampalli is not correct. The allegations out of 50 workmen, 30 were engaged in 3 shifts for carrying and supplying timber upto hand saw is not correct. The allegation 20 workmen were engaged in all kinds of jobs in general shift on par with and along with permanent workers is totally false. The petitioner has chosen to make this allegation to give colour as if they were casual labour engaged by the management to carry out these works. Even according to the allegation of the petitioner casual labour cannot claim any right even on the alleged grounds. With reference to paras IV and V they have been stated in wrong perspective. It is submitted that whenever unloading operations were done it is paid by tonnage basis to the contractor and contractor in turn makes payment to the labourers whom he has engaged and so far as the general workers are concerned it is paid as works contract to engage for loading and unloading operations and

also to give work under works contract tenders were called by the respondent and successful tenderers alone were given contract works and paid G. Jaysram and Narayana being successful tenderers they were given work and having registered and obtained licence under Contract Act. It is submitted. It is the duty of the contractors to maintain records for the workers whom they have engaged and amounts paid and management maintains record with regard to allotment of work to contractor and payment made. The Respondent never paid any amount to any of 50 workmen given in the list or engaged them directly. The allegation that A. Narayana was given payment of all casual workers and his payments is made from the earnings of these 50 workmen is not correct. A. Narayana is a contract and successful tenderer to whom work was awarded. The allegation that he has posed contract on but in fact he is a casual labour working as a mucedam is not correct. The allegation that he is not having valid licence from the beginning is not correct. It is submitted that initially when works were awarded Jayaram and Narayana made representation that they are competent persons to carry out on the work. Bonafidely believing them work was given and management called for statutory obligation at one point of time they were not having licences, later on both obtained licences. The allegation that it is nothing but malpractice and crude form of bonded labour system, prevalent in the main stores Bellampalli is not correct. It is really unfortunate that this Union to prejudice the case of the management made these false allegations. Though the petitioner Union is aware that the workmen who are working are contract labours they have chosen to give the color as if they are workmen and they have been deprived. The nature of work being loading and unloading operations it is intermittent in nature and contractor was engaged for such nature of work. All the acts are done by the management according to law. With reference to para VI that various jobs have been mentioned by the petitioner which are not regular in nature and they are intermittent like loading and unloading of chocks, cross bars, props, gurdars, bars explosives and iron etc. It may be noticed that after timber is unloaded in the yard it also has to be shifted to the workspot. Even for this work contract labour was engaged. The allegation shifting of this material from one place to another along with stores tyndals which are of permanent nature is not correct. It is submitted so far as the mining operation and wherever timber is used for the purpose of mine it was done by regular/permanent employees, for those works contract labour was not engaged. The allegation that the provisions of rules 25(2)(v)(a) of the Contract Labour (R&A) Central Rules, 1971 are applicable to the petitioner is not correct. The allegations made in para VI are not correct and petitioner is put to strict proof of the same. As per the contract entered with the contractor payments are made. The management as per the contract rate amounts were paid. The allegation the workmen mentioned in annexures are entitled to get same wages rates, holidays, hours of work and other conditions of service as applicable to the workmen directly employed by the company is not correct and they do not arise at all, the reason being they are intermittent in nature. Payments are made basing on the total work load. It has nothing to do with regular work. Whenever work is there which is of intermittent in nature contractor is engaged. All the service conditions of permanent employees should be made applicable to the contract labour is not correct and contract labour cannot be put on par with permanent workers of the Respondent company. With reference to para VII it is submitted that the workmen in dispute are not workmen of the Respondent and they will not come within the purview of Section 2(s) of the I. D. Act and the alleged dispute dated 29-3-85 cannot be treated I. D. Act under Section 2(k) of the I. D. Act as there is no relationship of workmen and employer between the workmen mentioned in the annexures and the company and the question of dispute arising or conciliating or any relief granted does not arise and entire case has been misconstrued by the petitioner and they have chosen to move the machinery under I. D. Act for settlement. In spite of explaining the actual position to the ACI, ACI has chosen to make reference under I. D. Act and references itself is bad in law. So the questions of making them permanent employee does not arise. The allegation that there was termination of 50 workers is not correct. Neither there is appointment order or termination and whenever there is no work contractor is not engaged so the

question of management complying the orders does not arise. With reference to para VIII the Management has no knowledge whether A. Narayan has engaged 18 workmen and another batch of 18 was engaged and it is not for the management to find out how the contractor is organising his work or whom he engages. The allegation that he was posing as contractor and he is not having valid licence is not correct and it is submitted that he is a competent contractor as he is the successful tenderer and work was given to him. The allegation that A. Narayana supervises their work and draws amount from the management, and disburses the wages of the workers is not correct. If there is any dispute, the dispute is between A. Narayana and concerned workmen and it is for them to settle and management cannot be asked whether A. Narayana is competent to engage them or not. The Dy. Controller of Stores of the Respondent is overall incharge of the stores and also to see various materials entry into the stores and going out. Thus he gives instructions to about 200 staff of the company in addition to contract labour, casual, badlies etc., with reference to para 9 the allegation all of these workers have been doing permanent nature of jobs, all of them should be paid wage board rates from the period from July 1980 along with all other fringe benefits and be confirmed as permanent workers is not correct. They are not entitled to claim for benefits on par with the permanent workmen. With reference to para X it is submitted that in this para legal contentions have been misconstrued by the petitioner. Equal pay for equal work is for the nature of work done as on that date. Even for labourers as on that day whenever they have done work they are paid if the labour are engaged as casual, but if it is contract labour it is between contractor and his employees to settle their terms. The Madras High Court Judgment is not applicable to the case of the petitioner. Even otherwise this judgment is under Contract Labour (Regulations and Abolition) Act as such adjudication cannot be done under Section 10 of the I. D. Act. With reference to para XI(A) it is submitted the allegation that 50 workers as per annexure should be paid wage board rates i.e. minimum category I wages of General Mazdoors and all other benefits as per NCWA I, II and III from the month of July 1980 to 3rd May 1985 is not correct nor they applicable to them. With reference to (B) the allegation that 37 workers as per annexure should be confirmed from the date of their appointment i.e., July 1980 and should be paid all other fringe benefits with retrospective effect is not correct as they have not worked continuously nor they were engaged by management continuously either as casual or under the contract as such they are not entitled for any benefits with retrospective effect. With reference to (C) the allegation out of 37 workers as per list of annexure at present 22 are continuing etc. is not correct and the petitioner is put to strict proof of the allegations made in XI(C). It is well settled law that basing upon the appointment and according to vacancy position workman gets status, but status cannot be changed simply because he worked for some time in one capacity or other. It may be noticed there are permanent, temporary badali, casual, contract labour, apprentices are in the company and all are governed by their respective appointment orders issued and governed by the respective Acts. The allegation made in (D) that 15 workers who are replaced in the place of those who won running race and recruited in the company also should be paid wage board rates etc. is not correct. It is submitted management notified to the employment exchange with regard to vacancies and it sponsored candidates and these were asked to do running test as one of the physical tests and running race was prescribed for 15 workmen and they have participated along with others and they being successful candidates they were given jobs. Their status cannot be compared with all other workmen mentioned in items (A) to (C) of para XI of the claim petition. It is submitted entire material facts have been stated in wrong perspective. Further this case cannot be come under any of the provisions of I. D. Act nor can it be said their case comes under the judgments referred to in the claim petition. The material facts and judgments cited are totally different from the respondent case. At one breath claimants admit that they are contract labour and say that they are casual labours. They are put to strict proof with regard to their status. So far as management no status of regular workmen has been given to 50 workmen mentioned in the list nor I. D. Act is applicable to them. In view of above this Hon'ble Tribunal may be pleased to dismiss the claim petition.

4. WW-1 to WW-5 were examined for the Petitioner. Exs. W-1 to W-12 are marked for the Petitioner and Exs. M-1 to M-6 were marked for the Respondent and Exs. X-1 to X-9 were marked during the course of evidence on petitioner's side. At that stage both parties filed a joint memo of compromise on 18-3-1991 compromising the matter among themselves. The compromise was recorded in the interest of keeping peace and harmony in the industry and to keep good relationship between the Management and the workmen. In view of the compromise entered into between both the parties, I am of opinion that there is no need to pass an Award on merits in this case and an Award is to be passed in terms of the compromise as entered into between both the parties.

5. In the result, an Award is passed in terms of the compromise that joint memo of compromise filed by both the parties. The joint memo of compromise filed by both the parties is appended to this Award. There will be no order as to costs.

Dictated to the Stenographer, transcribed by him, corrected by me and given under my hand and the seal of this Tribunal, this the 18th day of March, 1991.

BEFORE THE HON'BLE CHAIRMAN, INDUSTRIAL TRIBUNAL (CENTRAL) HYDERABAD  
I.D. No. 12 of 1987

BETWEEN

Workmen of Singareni Collieries Co. Ltd.,  
Bellampalli,  
Adilabad Dist., A.P. Petitioner

AND

Management of Singareni Collieries Co. Ltd.,  
Bellampalli (P.O.),  
Adilabad Dist. A.P. Respondent.

JOINT MEMO OF COMPROMISE FILED BY BOTH  
THE PARTIES

It is respectfully submitted that the above Petitioner hereby pay as follows :—

The Petitioners have settled the dispute with Management i.e. M/s. Singareni Collieries Company Limited, Bellampalli, out of Court and the Petitioners are withdrawing the case with immediate effect as the dispute with regard to above Industrial Dispute is amicably settled out of Court.

The Respondent Management i.e. M/s. Singareni Collieries Company Limited, Bellampalli, after holding several discussions with the Petitioner Union, have appointed the workmen in dispute with effect from 16th November, 1990 and as such Petitioner Union is withdrawing its claim unconditionally as the dispute is settled out of Court.

As far as demands in the above I.D. is concerned, the Petitioners shall not claim any relief from the Hon'ble Court and the Petitioners have no grievances with the Management i.e. M/s. Singareni Collieries Company Limited, Bellampalli. As such, there is no dispute between the parties now as the matter is settled out of Court.

It is prayed that the Hon'ble Court may be pleased to record this Joint Memo. and pass such necessary orders in terms of settlement arrived between both the parties. Petitioners.

नई दिल्ली 4 अप्रैल, 1991

का. मा. 1188:—औद्योगिक विवाद अधिनियम, 1947 (1948 का 14) की धारा 17 के अनुसरण में, केन्द्रीय सरकार में. बि. सी. सी. एल का दुग्डा कोल वाशियरी के प्रबंधन के संबद्ध नियोजकों और उनके कर्मचारों के बीच, अनुबंध में निदिष्ट औद्योगिक विवाद में केन्द्रीय सरकार औद्योगिक अधिकरण सं. 1, धनबाद के पंचाट को प्रकाशित करती है, जो केन्द्रीय सरकार को 1-4-91 को प्राप्त हुआ था।

New Delhi, the 4th April, 1991

S.O. 1188.—In pursuance of section 17 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby publishes the award of the Central Government Industrial Tribunal (No. 1) Dhanbad as shown in the Annexure in the industrial dispute between the employers in relation to the management of Dugda Coal Washery of M/s. BCCL and their workmen, which was received by the Central Government on the 1-4-1991.

ANNEXURE

BEFORE THE CENTRAL GOVERNMENT  
INDUSTRIAL TRIBUNAL NO. I, DHANBAD

In the matter of a reference under section 10(1)(d) of the Industrial Disputes Act, 1947  
Reference No. 96 of 1990

PARTIES :

Employers in relation to the management of  
Dugda Coal Washery of M/s. Bharat Coking  
Coal Ltd.

AND

Their Workmen.

APPEARANCES :

For the Employers.—Shri R. S. Murthy, Advocate.

For the Workmen.—Shri D. Mukherjee, Secretary, Bihar Colliery Kamgar Union.

STATE : Bihar INDUSTRY : Coal

Dated, the 15th March, 1991

AWARD

By Order No. L-20012/308/89-I.R. (Coal-I), dated, the 26th April, 1990, the Central Government in the Ministry of Labour, has, in exercise of the powers conferred by clause (d) of sub-section (1) and sub-section (2-A) of Section 10 of the Industrial Disputes Act, 1947, referred the following dispute for adjudication to this Tribunal :

"Whether the demand of the Bihar Colliery Kamgar Union that 236 workmen listed in Annexure annexed herewith should be departmentalised under the management of Dugda Coal Washery of M/s. B.C.C. Ltd. and should be paid wages as per N.C.W.A. III & IV with retrospective effect is justified? If so to what relief are the said workmen entitled?"

2. The case of the sponsoring union, Bihar Colliery Kamgar Union, as disclosed in the written statement, details apart, is as follows :

The main function of Dugda Coal Washery is to wash coal for the purpose of supplying the same to the steel plants. In the process of washing, the fine particle of washed coal come out and deposited in the slurry ponds specially constructed by the management. Birsa Manjhi and other concerned workmen have been working on the job of slurry excavation, transporting and slurry loading work within the precinct and premises of Dugda Coal Washery since long continuously with unblemished record of service. In the course of performance of their job they are required to excavate slurry ponds

by lifting slurry from the slurry ponds and deposit the same on the bank of such ponds. Slurry so excavated is loaded into conveyor belt or on the truck for re-feeding the same to the washery or for transporting the same to the respective buyers. The job of excavation transporting and loading of slurry is of permanent nature of job. Despite the aforesaid fact the management has been disbursing wages to the concerned workmen through different intermediaries below the rates of N.C.W.As. I, II, III and IV. The intermediaries are changing practically every year but the workmen remain the same. The sponsoring union, on behalf of the concerned workmen, had raised an industrial dispute in the year 1981 demanding regularisation, but the same was not referred for adjudication by the Ministry for the

reason that during the course of conciliation proceeding the management submitted that due to installation of the alleged modernisation plant the bleeding of the slurry would be stopped. The management submitted the same incorrect facts before the Contract Labour Advisory Board. In view of the submission of the management, the Board did not recommend for abolition of contract system in slurry cleaning job. After lapse of several years, the Contract Labour Advisory Board, headed by the R.L.C.(C), Dhanbad, Shri Mukhopadhyay again visited all the coal washeries including Dugda Coal Washery. The aforesaid Board has recommended for abolition of contract system in slurry cleaning job for the reason that the job is of permanent nature. The Board has also noticed that the earlier statement of the management regarding stoppage of bleeding of slurry due to installation of modernisation plant is palpably false. In spite of the aforesaid fact the management has been exploiting the poor workmen by paying them less than N.C.W.A. wages through different intermediaries. Loading and unloading of coal is a prohibited category of job. The concerned workmen have been performing permanent nature of job continuously within the precinct and premises of Dugda Coal Washery. They have been performing the job of the management but the management has been disbursing their wages through different intermediaries which is nothing but a legal camouflage. The concerned workmen and their union represented before the management several times for their regularisation|departmentalisation with retrospective effect and for payment of wages as per N.C.W.A. with arrears of wages, but the anti-labour management refused to settle the issue amicably. Seeing no other alternative the union raised an industrial dispute before the A.L.C. (C), Dhanbad, but the same ended in failure due to adamant attitude of the management. The appropriate Govt. i.e. Ministry of Labour, Govt. of India, has been pleased to refer the dispute for adjudication by this Tribunal. The demand of the workmen for departmentalisation|regularisation with retrospective effect and payment of wages as per N.C.W.A. III & IV with retrospective effect are legal and justified. The union raised dispute concerning 237 workmen, but due to inadvertence|mistake the names of 236 workmen have been mentioned in the schedule. In the circumstances, the union has prayed that an award be passed directing the management to departmentalise the concerned workmen with retrospective effect and to pay them wages as per N.C.W.A. III & IV with retrospective effect.

3. The case of the management of Dugda Coal Washery of M/s. B.C.C. Ltd., as appearing in the written statement-cum-rejoinder, details apart, is as follows :—

The present dispute is not legally maintainable since it is a reference for abolition of contract labour system by departmentalisation of the concerned workmen. The reference is not also maintainable since there was no relationship of employer-employee between the management and the concerned workmen at any point of time. Most of the persons named in the annexure to the reference are employed

by the contractor M/s. Rani Sati Carriers who have been entrusted with following work on contract basis :

- (i) Excavation of fine and coal (both low and high ash) from the permanently constructed slurry basins, Kutcha basins, fields, natural ponds, drains etc. and stacking the same in stacks by the side of the ponds as per instruction of the Dy. CE (W), Dugda Coal Washery or its authorised representative.
- (ii) Loading of reclaimed fine coal (after drying) into trucks and transportation of the same and formation of stacks and levelling the same as per direction of Dy. CE(W) Dugda at—
  - (a) Loading sites of Dugda I and Dugda II or middlings conveyor leading to CTPS belt No. 1 within a distance of 1 K.M.
  - (b) Dumping grounds within a distance of 1 K.M.
  - (c) Loading site adjacent to Railway track within a distance of 1 K.M.
- (iii) Loading of transported coal and stacked fine coal.
- (iv) Loading of transported and stacked fine coal onto clean coal/middling conveyors ; loading of transported and stacked into box wagons with pay loader.

There are two washeries, namely, Dugda-I and Dugda-II. These washeries along with two other washeries one at Patherdih and the other at Bhojudih, previously belonged to the Hindustan Steel Limited which was succeeded later by Steel Authority of India Ltd. The management of these washeries was placed by the erstwhile Hindustan Steel Ltd. and later by Steel Authority of India Ltd. under Central Coal Washeries Organisation located at Saraidhella, Dhanbad and headed by the General Manager. The management of the above washeries was entrusted in the year 1972 by Steel Authority of India Ltd. to M/s. B.C.C. Ltd. under a power of attorney given by Steel Authority of India Ltd. to the Chairman-cum-Managing Director, M/s. B.C.C. Ltd. Later with effect from 1-10-1983 the ownership of these washeries was transferred by the Government of India to M/s. B.C.C. Ltd. M/s. B.C.C. Ltd. is the owner of these washeries including Dugda-I and Dugda-II with effect from 1-10-1983. The function of the Coal Washeries is to beneficiate medium prima coking coal with a view to reducing the ash content and for improving the quality of coal i.e. clean coal coming out of the washeries suitable for use in the Steel Plants. Such quality of coal includes certain other criteria like coking index, percentage of free carbon and volatile materials and moisture etc. Dugda-I was constructed in the year 1963 and Dugda-II was in 1968. Originally the two washeries were designed for washing coal in such a manner as not to eject any waste fluid or rejects in the shape of slurry or water. The system was that the fine generated during the washing process used to get

collected in huge concrete tank known as thickner. After settling down all the fines in the thickner, slurry was taken out from the bottom of the thickener through pumps and fed to vacuum disc filters where the fines were de-watered and mixed with clean coal. The water so collected was fed back to the thickener for re-utilisation in the process. The excess water overflowing through thickener over-flow channel was utilised for process in the main plant. It was a close circuit system and no slurry was being bled out. At that time, there was no question of any slurry flowing out of the washeries or the collection thereof from the slurry ponds. The above system worked very well till 1977 when due to change in the method of mining operation, the quality of raw coal made available to these washeries had deteriorated due to mechanisation of mining operation and on account of extraneous materials getting mixed with the raw coal. On account of this, the quality of fine coal produced by the washeries also had gone down because in the crushing operation of raw coal in the washeries foreign materials were also mixed and got crushed with good quality of prime coking coal. This state of affairs led to the ineffective functioning of the vacuum disc filters. In consequence, for technical reasons, there was no alternative but to bleed out fluid out of the washeries containing some fine particles of coal having minus 0.5 mm size. This fluid is known as slurry and it is being collected in the slurry ponds. Fine particles of the above size of coal are getting settled down in the slurry ponds which are lying in series and the fluid in the slurry ponds overflows to the next pond and so on. In this process the last pond contains a certain percentage of clean coal which is recovered and despatched to the Steel Plants. The rest of the materials accumulated in the other ponds are rejects as far as steel plants are concerned. Such rejects are excavated from the ponds and stacked in the nearby areas for ultimate dumping at selected sites. The above jobs of excavation of materials from the slurry ponds were entrusted from time to time to different contractors who were to engage their own men for carrying out the jobs. The contractors are paid by the management for actual quantum of work done by them from time to time. They are free to engage their own workmen or to dispense with their services. They are also responsible for payment of wages to their workmen. They, in their turn, entered into agreement with different trade unions relating to the rates of wages payable to the workmen. With a view to reduce the quantum of flow of slurry from the washeries into slurry ponds and to improve the quality and quantity of clean coal recovered from raw coal, the management installed Froth Flotation Plants in November, 1986. On account of installation of Froth Flotation Plants, the quantum of slurry flowing out of the washeries was reduced from about 36,000 tonnes to 20,000 tonnes per month. The management has been making efforts to increase the percentage of fine coal recovered from raw coal by improving technology and by installation of additional machinery. For this purpose, based on the recommendations of Dr. Alteker, the management has also initiated action to acquire and install de-shaling equipments for improving the quality of raw coal fed into washeries which would ultimately ensure improvement in the quality of clean coal produced by the washeries and increase the percentage of clean

coal recovery from raw coal fed into washeries. Additional machinery in this respect will be installed as soon as possible. The quantity of slurry flowing out of two washeries in question is expected to be further reduced to about 4000 to 5000 tonnes per month by installation of this machinery. Then the requirement of work force will be about 60 to 70 persons. At present the number of men engaged by the contractor in excavation of slurry is about 300 while 500 were employed in other operations. The jobs in question are not perennial in nature and therefore there is justification for departmentalisation of the job in question. The Committee constituted by the Labour Ministry had gone into the matter some time ago. The Committee consisted of non-technical persons; they could not grasp the essence of the matter and appreciate the point of view of the management that in due course it would be possible to eliminate bleeding of slurry in the washeries. The washeries at Dugda stand on different footing because their equipments, designing and technology are entirely different from other washeries. M/S. B.C.C. Ltd. is wholly financed by the Central Govt. and under the Presidential directive it is required to reserve posts in the matter of recruitment in favour of scheduled caste/scheduled tribes/ex-servicemen/physically handicapped persons. It would be impossible to implement this directive if the management is compelled to absorb the concerned persons if and when contract system is abolished. The total number of workmen comes in the region of 800 and there will be no justification for picking out such persons selected by the sponsoring union and confining the present adjudication to such persons alone. In view of these facts and circumstances the demand of the sponsoring union for departmentalising 236 workmen listed in the annexure to the reference is not justified.

4. In rejoinder to the written statement of the sponsoring union, the management has denied and disputed the contentions of the sponsoring union and asserted that it has got statutory right to engage contractors for non-prohibited job and get the same executed through them. The Sub-Committee of Contract Labour Advisory Board has failed to take into account the technology and type of machinery installed in different coal washeries and the peculiar feature of each coal washery. The management has further asserted that N.C.W. As have not laid down the rates of wages for the type of workers as the concerned persons are.

5. IN rejoinder to the written statement of the management, the sponsoring union has denied and disputed each and every contention of the management. It has asserted that the present reference is perfectly maintainable as no demand has been made for abolition of contract labour system in slurry removal job. The dispute is also maintainable because here exists relationship of employer-employee between the management and the concerned workman. The concerned workmen have been performing permanent nature of job by excavating slurry from the slurry ponds and stacking the same on the adjacent surface as per direction of Dy. C.E. (N), Dugda Coal Washery. It has been alleged that the management has been making some paper arrangement in order to deprive the concerned workmen of their legitimate right.

6. In order to sustain its demand, the sponsoring union has examined two of the concerned workmen, namely, WW-1 Kisun Manjhi and WW-2 Golbabu Ansari and laid in evidence some documents which have been marked Exts. W-1 to W-4.

On the other hand, the management has examined two witnesses, namely, MW-1 J. S. Srivastava, now posted as Executive Engineer, Dugda Washery and MW-2 Kapildeo Prasad, now working as Asstt. Labour Welfare Officer and laid in evidence a sheaf of documents which have been marked Exts. M-1 to M-13.

7. Shri R. S. Murthy, Advocate for the management, has contended that the present industrial dispute is not maintainable because the sponsoring union virtually made a demand for abolition of contract system in the job of slurry removal. In support of his contention Shri Murthy has taken me through the decision reported in 8 S.C.L.J. 198 (Vegoils Pvt. Ltd. and their Workmen). In the decision cited, their Lordships of Supreme Court have held that the jurisdiction to decide matters connected with operation of contract labour has now vested in the appropriate Government and it is only the appropriate Government that can prohibit contract labour system by following the procedure and in accordance with the provision of Contract Labour (Regulation and Abolition) Act, 1970. In that case there was a specific demand for abolition of contract system in whatsoever form and in any department of the company and a further demand that the workmen employed by the contractor should be treated as company's regular employees. In the present case there is no such plea for abolition of contract system in the job of slurry removal. The sponsoring union has simply demanded that the concerned workmen be departmentalised under the management of Dugda Coal Washery of M/s B.C.C. Ltd. in the context of facts and circumstances as gleaned in the pleading. Admittedly, some 800 or so workmen are engaged in the job of slurry removal, transportation, loading etc. The union has demanded departmentalisation of only 236 of them. Hence by no stretch of imagination the demand of the sponsoring union is for abolition of contract system entirely in the job of slurry removal etc. This being the position, I over-rule the contention of Shri Murthy that the present reference is not maintainable.

8. Then again Shri Murthy has urged that the present reference is not maintainable since there exists no relationship of employer and employee between the management of Dugda Coal Washery and the concerned workmen. Indeed, this issue is principally the main issue in the present dispute and if it is found that there exists no such relationship the term of reference will be answered in the negative against the concerned workmen and the reference will be answered as not maintainable. But if there exists such relationship the dispute will be answered as maintainable in law. This being the position, the issue raised by Shri Murthy cannot be answered unless the entire gamut of the case and the evidence on record are looked into which I propose to do presently.

9. According to the management, Dugda I and Dugda II and two other washeries previously belonged to Hindustan Steel Ltd. which was succeeded later by Steel Authority of India Ltd. The Steel Authority

of India Ltd., in its turn, entrusted the management of the above washeries including Dugda to M/s. B.C.C. Ltd. and the ownership of this authority was transferred later by the Government of India to M/s. B.C.C. Ltd. with effect from 1-10-1983. Thus, according to the management, M/s. B.C.C. Ltd. has become the owner of these washeries including Dugda I and Dugda II with effect from 1-10-1983. This statement of fact has not been specifically denied by the sponsoring union. The union has stated in its rejoinder that Dugda Coal Washery is owned and administered by M/s. B.C.C. Ltd. Thus, the position is clinched that M/s. B.C.C. Ltd. has become the owner of these washeries including Dugda Coal Washery I and II with effect from 1-10-1983.

10. According to the management, the originally the two washeries were designed in such a manner as not eject any waste fluid or rejects in the shape of slurry or water. The management has given details the modalities of washing process in its written statement. According to the case of the management, this system worked well till 1977 when due to change in the method of mining operation, the quality of raw coal made available to these two washeries had deteriorated due to mechanisation of mining operation and on account of extraneous material getting mixed with the raw coal. The management has also stated that Dugda I was constructed in the year 1963 and Dugda II was constructed in 1968. These statements of facts as averred by the management in its pleading have been hotly disputed by the sponsoring union. WW-1 Kisun Manjhi and WW-2 Golbabu Ansari have claimed to have been working in Dugda Coal Washery since 1979. So, they had had no occasion to see what was the system of working of the washery in 1977. MW-1 J. S. Srivastava has been working in Dugda Coal Washery since 1981; he joined there in the capacity of Junior Executive Trainee and now he has been posted as Executive Engineer. He has stated that there are two washeries at Dugda known as Dugda I and Dugda II and that Dugda I was constructed in 1963 and other one in 1968. He has stated also that these washeries having close circuit system, were designed to wash prime coking coal and that during the initial years slurry was not coming out of the washeries and raw coal was crushed and fed in the washery and in the process fine coals were generated. Earlier, fine coal was being collected in the thickeners made of concrete where slurries were allowed to settle down and thereafter they were taken out by pumps and slurries were flowing through thickeners to filter where they used to be de-watered and water was again fed back to the washery. In cross-examination he has stated that the management is having document to show that there was no bleeding of slurry in the slurry pond prior to 1977 but he was not in a position to say if those documents have been filed before the Tribunal. Sri Srivastava joined the washery in 1981; so he cannot have any personal knowledge as to how the washeries were functioning in 1977. The management has not produced the document in their possession to show that there was no bleeding of slurry in the slurry ponds prior to 1977. This being the state of evidence I am constrained to state that the management could not produce any hard

evidence in support of the fact that prior to 1977 there was no bleeding of slurry in the slurry pond of the washery due to design and mechanisation of the functioning of the washery. Anyway, this issue is not now germane to the main controversy raised in the present dispute. Then again the case of the management is that when due to change in the method of mining operation the quality of raw coal made available to the washery deteriorated on account of mechanisation of mining operation and also on account of extraneous materials get fixed with the raw coal, there was no alternative but to bleed out fluid out of the washery containing some fine particles of coal and this fluid is known as slurry and collected in the slurry pond. The sponsoring union has hotly disputed this position and asserted that in the process of washing coal in the washeries, fine particles of washed coal come out and deposited in the slurry ponds specifically constructed for the purpose by the management. So from the pleadings of the parties it is obvious that in the process of washing of coal in the washeries some the particles of coal mixed with water are bled out of the washery and collected in the slurry ponds.

The case of the management is that consequent upon installation of Froth Flotation Plant in November, 1986 the quality of slurry flowing out of the washeries was reduced from 36,000 tonnes per month to 20,000 tonnes per month. According to Sri Srivastava the purpose of Froth Flotation Plant is to reduce the volume of slurry flowing into slurry ponds and that the plant is working satisfactorily since its commission in 1986. But he has not stated that as a result of installation of Froth Flotation Plant the volume of slurry flowing into the slurry ponds has reduced to such level as claimed by the management. On the other hand, both WW-1 Kisum Manjhi and WW-2 Golbabu Ansari have asserted that the management installed Froth Flotation Plant in the washery sometime in 1986-87 but with the commission of Froth Flotation Plant the bleeding of slurry from the washery has not decreased but has increased. The management has not made available any cogent statistical data in support of the fact that with the commission of Froth Flotation Plant the flow of slurry from the washery into slurry ponds has reduced considerably.

Anyway, the further claim of the management in its written statement is that by improving technology and by installation of additional machinery, efforts are being made to increase of percentage of fine coal recovered from raw coal and for this purpose based on recommendation of Dr. Altekar, Ex-Director, C.F.R.I., the management has initiated action to acquire and instal de-shaling equipments for improving the quality of raw coal fed into washery which would ultimately ensure improvement is the quality of cleaned coal produced by the washery and also increase the percentage of clean coal recovery from raw coal fed into washery. It is also the case of the management that the quality of slurry flowing out of the two washeries is exported to be reduced to about 4,000 to 5,000 tonnes per month or about 200 tonnes per day (maximum) and thus the requirement of work force on this job would be about 60 to 70 persons. This claim of the

management has been denied and disputed by the sponsoring union. Sri Srivastava has shed some light in the matter in his evidence. He has stated that Dr. Altekar has submitted report on de-shaling of raw coal and the management has floated tender for acquiring machinery devised by Dr. Altekar. According to him when the plant will be installed and commissioned, the volume of flow of slurry into slurry ponds will be considerably reduced and consequently the work force required for removal of slurry will also be considerably reduced to 60 or 70. In cross-examination, he has admitted that although he has not gone through the report of Dr. Altekar, nevertheless he has heard that Dr. Altekar has submitted report on de-shaling. He has further stated that he has not seen any plant designed on the basis of the report of Dr. Altekar nor has he seen any such plant working. He has no idea also as to whether the management has filed documents to show that it has floated tender for installation of plant designed by Dr. Altekar and that he has not come across any such tender. Thus, even as per the statement of Sri Srivastava it can be concluded that the claim of the management with regard to reduction of slurry bleeding out of the washeries after commissioning additional machineries on the basis of report of Dr. Altekar has remained in the domain of conjecture and hypothesis.

11. Now, I enter into the heart of the present dispute. The case of the sponsoring union is that the concerned workmen, barring a few who are no longer connected with the washery as revealed in the statement of Kisum Manjhi (WW-1) have been working in Dugda Washery for long continuously and that they have been employed on the job of excavation of slurry, transportation of slurry and loading of slurry within the precinct and premises of the washery and that their jobs are of permanent nature of job and that they have been performing their jobs under the control and supervision of the management, and the management have been providing them with working implements.

The case of the management is that these persons have been engaged by the contractors, particularly by M/s. Ranisati Carriers, who are working in different operational job and the management has got no connection with them. They are engaged by the contractors and are paid by the contractors and the management has got no control or supervision over their jobs.

It appears from the evidence on record and also from the pleading that the job of excavation of slurry, transportation of slurry and loading of slurry are being done within the precinct and premises of Dugda Coal Washery and this system of working has been continuing from atleast 1977.

The management has produced a number of documents to establish the fact that the concerned workmen are the employees of the contractors. The letter of the management dated 3-11-1989 marked Ext. M-1 indicates that M/s. Ranisati Carriers were entrusted with the job of (i) excavation of fine coal, (ii) loading into trucks after completely drying the reclaimed fine coal from loading site and loading for transportation and stocking of fine coal. Earlier Madhab Singh & Co., Contractors were engaged for executing the same nature of job (Ext. M-2). It

appears that M/s. Coal Agencies (Ext. M-6), M/s. Coal Waste Beneficiation Service, Dhanbad (Ext. M-7) were some of the contractors engaged for executing same nature of job. The sponsoring union has also filed photostat copy of Employment Card issued by the Contractor (Ext. W-1 series). The union has alleged that the management has adopted the camouflage of engaging the concerned workmen through intermediaries and asserted that the intermediaries are changing practically every year but the workmen are remaining the same. In their comments before A.L.C.(C), Dhanbad, the management stated that engagement of contract labourers of outgoing contractor by the incoming contractor continued as a practice and convention and the management of Dugda Coal Washery did not come in the picture (Ext. W-2). Thus, the fact is that although the contractors are changing the workmen working in the slurry ponds have remained the same.

It has been claimed by the union that the jobs performed by the concerned workmen are being supervised by the management and that the concerned workmen have been working under the control and supervision of the management. WW-1 Kisum Manjhi and WW-2 Golbabu Ansari have emphatically stated that the management has been controlling and supervising their jobs. On the other hand, the witnesses for the management, namely, Sri J. S. Srivastava (MW-1) and Kapildeo Prasad (MW-2) have stated that the management does not exercise any supervision or control over the work of the concerned workmen. The letter containing the work order Ext. M-1 indicates that the contractor was to execute the work of excavation of fine coal and loading the same into trucks as per instruction of Dy. C.E.(W) of Dugda Coal Washery or its authorised representative. The contractors, admittedly, were executing the jobs entrusted to them through their workmen and so it should be held that the contractors were required to work at the direction of the management of Dugda Washery.

The case of the sponsoring union is that the working implements to the concerned workmen are being supplied by the management. This has been disputed by the management. Both the sides have laid oral evidence in support of their respective contentions.

There is no hard evidence laid by either side to prove or disprove the fact of supplying of working implements to the concerned workmen.

The sponsoring union has claimed that the job of excavation of slurry, transportation of slurry and loading of slurry are jobs of permanent nature. There is no evidence on record to show that some portion of fine coal recovered are sent to the steel plants and some are sold in open market. Earlier the appropriate Government declined to make a reference of the industrial dispute of like nature raised by the same sponsoring union on one of the grounds that the job was not of permanent nature by letter dated 25-6-81 (Ext. M-9). Now the appropriate Government issued Notification dated 11-12-90 (Ext. W-3) prohibiting employment of contract labour in the works/operations of transport of middling and removal of slurry under Section 10 of the Contract Labour (Regulation and Abolition) Act, 1970. One of the considerations for imposing prohibition on this opera-

tion, as per Section 10 of the Contract Labour (Regulation and Abolition) Act is that the operations of transport of middling and removal of slurry are jobs of permanent nature, that is to say, the jobs are of sufficient duration having regard to the nature of industry, trade, business, manufacture or occupation carried in the washeries. This being so, it is now considered by the appropriate Government that the jobs/operations of transport of middling and removal of slurry are jobs of permanent nature.

Thus, considering the matrix of evidence, I hold that (i) the concerned workmen have been doing the job of excavation of slurry and loading and transportation of slurry in the precinct and premises of Dugda Coal Washery for long, against from 1977, (ii) they have been doing the jobs under the control and supervision of the management, (iii) the jobs being performed by them are of perennial in nature.

The management has asserted that the concerned workmen are being paid by the contractors while the sponsoring union has alleged that the management has adopted the camouflage of paying them through contractors. Regard being had to the evidence it can be concluded that these group of workmen produce goods or services for the business of the management and that the management has got economic control over the workers' subsistence, skill and continued employment. In these circumstances, the presence of intermediate contractors is of no consequence and that the real employer is the management of Dugda Coal Washery.

12. Shri D. Mukherjee, authorised representative of the sponsoring union, has submitted that the management has got no registration of its establishment with the appropriate authority nor has the alleged contractor has got any valid licence and so the concerned workmen should be considered as the workmen of the management. But the position is not really so, for the management has produced the registration of its establishment (Ext. M-12) and the licence of the contractor (Ext. M-11). Anyway this aspect of the controversy is not now considered very pertinent in view of the notification issued by the appropriate Government imposing prohibition on employment of contract labour in the operation of transport of middling and removal of slurry. Consequent upon the prohibition so imposed, the concerned workmen should be considered to be the workmen of the principal employer, that is, the management of Dugda Washery in as much as the management has been employing contract labour on the jobs prohibited by the appropriate Government in terms of the notification issued under Sec. 10 of the Contract Labour (Regulation & Abolition) Act, 1970.

13. Shri Murthy has contended that this notification has been issued without applying any serious consideration to the manifold aspects of the matter. I am afraid that this Tribunal has got no jurisdiction to decide this aspect of the controversy.

14. Shri Mukherjee has submitted that the concerned workmen are entitled to get wages as available to stackers as per N.C.W.As.

Shri Murthy has contended that the employees of Dugda Washery are governed by Steel Wage Agreement and so NCWA has got no manner of application in the present case.

Admittedly, M/s B. C. C. Ltd. has become the owner of Dugda Coal Washery with effect from 1-10-1983 as per the showing of the management. Hence, although the other employees might be governed by Steel Wage Agreement, there is no bar in giving effect to the Wage Structure as devised by N. C. W. A. to the concerned workmen. But I am constrained to hold that the concerned workmen are not entitled to get wages as available to Stacker as per N.C.W. As because of the job of stacker and that of the concerned workmen is not the same. On the other hand, Shri Murthy has taken me through a letter dated 28-1-1991 written by Shri S. N. Mishra, General Manager (Personnel) to Shri S. K. Bakshi, General Secretary, Bihar Colliery Kamgar Union (Ext. W-4). The letter reads as follows :

"Regarding continuance of Dharna by slurry workers at Sudamdih Washery, the matter was discussed by then C.M.D. Shri P. R. Sinha on 14-12-90 with Shri A. K. Roy where it was pointed out that the matter is being examined by C. I. L. level for a uniform decision for all the washeries i.e. Sudamdih, Kathara, Dugda and Giddi. It was also intimated that till the decision is taken persons engaged on the work of removal of slurry, will get payment of Category-I wages in Sudamdih Washery. This decision was further agreed to by the present C. M. D. Shri R. B. Mathur also on 24-1-1991 in his Chamber in a meeting with Shri A. K. Roy and yourself. The management is agree to abide by the decision ....."

Thus, it is seen that the President of the sponsoring union Shri A. K. Roy agreed to the proposition for the time being that workmen engaged on the work of removal of slurry will get payment as available to Category-I Mazdoor as per N. C. W. As. Hence, I think that till final decision is taken by the management in the matter, the concerned workmen are entitled to get wages as available to Category-I Mazdoor. They are entitled to get such wages from the date when the dispute was raised

by the sponsoring union before the Conciliation Officer i.e. from 17-7-1989.

15. Upon consideration of evidence on record, I come to the conclusion that the concerned workmen are entitled to be regularised in service of Dugda Coal Washery with effect from the date the dispute was raised i.e. 17-7-1989 and that they are entitled to Category-I wages as per N.C.W.A. from that date.

16. It appears from the evidence of WW-1 Kisun Manjhi that Smt. Ishwari Devi (sl. no. 59) one of the concerned workmen is dead and that S/Shri Ram Kumar, Suraj Banshi, Khelo Kewat, Basdeo Mahato and Smt. Gita Devi are not working in the washery. So these workmen, in my view, are not entitled to be regularised in service. This witness has corrected the names of certain workmen. A complete list of workmen who are entitled to be regularised/departmentalised in service of Dugda Coal Washery and entitled to get Category-I wages is appended to the award as Annexure 'A'. They are entitled to be regularised/departmentalised in service of Dugda Coal Washery and to get Category-I wages from the date the dispute was raised i.e. 17-7-1989.

17. Accordingly, the following award is rendered—the demand of Bihar Colliery Kamgar Union for departmentalisation/regularisation of the workmen listed in Annexure 'A' to the award under the management of Dugda Coal Washery of M/s B. C. C. Ltd. is justified. The demand of the union for payment of wages is available to Category-I Mazdoor as per N. C. W. A. III & IV is also justified. The management is directed to departmentalise/regularise the concerned workmen as listed in Annexure 'A' to the award and to pay them wages as available to Category-I Mazdoor as per N. C. W. A. III and IV with effect from 17-7-1989 less wages already paid.

In the circumstances of the case, I award no cost.

S. K. MITRA, Presiding Officer  
[No. L-20012/308/89-IR(Coal-I)]  
K. J. DYVA PRASAD, Desk Officer

नई दिल्ली 4 अप्रैल, 1991

का. आ. 1189 :—औद्योगिक विवाद अधिनियम, 1947 (1947 का 14) की धारा 17 के अनुसरण में, केन्द्रीय सरकार बैंक आफ कोचीन लिमिटेड के प्रबन्धतंत्र से संबंध नियोजकों और उनके कर्मकारों के बीच अनुबंध में निर्विष्ट औद्योगिक विवाद में औद्योगिक अधिकरण तमिलनाडू, मद्रास के पंचपट को प्रकाशित करती है, जो केन्द्रीय सरकार को 3-4-91 को प्राप्त हुआ था।

New Delhi, the 4th April, 1991

S.O. 1189.—In pursuance of section 17 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby publishes the award of the Industrial Tribunal, Tamil Nadu, Madras as shown in the Annexure, in the industrial dispute between the

employers in relation to the management of Bank of Cochin Limited and their workmen, which was received by the Central Government on the 3-4-91.

#### ANNEXURE

#### BEFORE THE INDUSTRIAL TRIBUNAL, TAMILNADU MADRAS

Friday, the 22nd day of February, 1991

Industrial Dispute No. 42 of 1985

(In the matter of the dispute for adjudication under Section 10(1) (d) of the Industrial Disputes Act, 1947 between the workmen and the management of Bank of Cochin Ltd., Erankulam and another).

## BETWEEN

Thiru A.O. Alias,  
Elakkattu House,  
Pulinthanam,  
P. O. Pothanicaad,  
Ernakulam District.

## AND

- (1) The Chairman,  
Bank of Cochin Limited,  
Ernakulam, Cochin-682-31.
- (2) The State Bank of India,  
Madras (Implemented as per order dt.  
23-12-86 in Misc. Amp-No. 82/86).

## REFERENCE :

Order No. L-12012/46/84-D.IV(A), dt. 24-6-85  
of Ministry of Labour, Government of India.

This dispute coming on for final hearing on Thursday, the 5th day of February, 1991 upon perusing the reference, claim and counter statements and all other material papers on record and upon hearing the arguments of Thiru R. Rajaram, Advocate appearing for the workman and of Thiruvalargal M. R. Narasimhan and M. K. Kannan, Advocates for Management No. 1, Tvl. T. S. Gopalan, P. Ibrahim Kalifulla and S. Ravindran, Advocates for Management No. 2 and this dispute having stood over till this day for consideration, this Tribunal made the following.

## AWARD

[This dispute between the workmen and the management of Bank of Cochin Limited, Cochin arises out of a reference under Section 10(1) (d) of the Industrial Disputes Act, 1947 by the Government of India in its order No. L-12012/46/84-D.IV(A), dated 24-6-85 of Ministry of Labour for adjudication of the following issue :

"Whether the management of Bank of Cochin Limited, Ernakulam Cochin is justified in terminating the service of Shri A. O. Alias, Peon with effect from 1-4-83 ? If not, to what relief the workmen concerned is entitled ?"

## (2) Claim statement is as follows :

The petitioner was working continuously in the respondent-Bank for more than 2 years upto 31-3-83 as a Peon in Pothanicaad Branch of the respondent on payment of wages Rs. 8 per day. After the duty hours in the bank, he was also collecting amounts i.e. deposits for daily savings scheme accounts. He had a Savings Bank Account with the respondent. All the monthly wages due to him were credited to his savings bank account upto 31-3-83. He has worked in such capacity continuously 640 days. He was denied work on 1-4-83 which denial or termination is illegal in terms of Section 25-F of the I. D. Act. He has written letters to the Management requesting reinstatement. To his letter dt. 17-5-83 the Manager of the personnel department of the respondent's Head Office

gave a reply stating that no vacancy existed for appointing the petitioner. On the other hand, the bank has appointed Thiru M.K. Paul and another Thiru John as Peons. The petitioner is a workman whose services were terminated illegally. The respondent has violated Section 25-H. Denial of work to the petitioner amounts to illegal retrenchment. The petitioner must be reinstated in the post with continuity of service and back wages from 1-4-1983.

## (3) The respondent states in the counter as follows :

In every branch of the respondent, every employee can be and should be appointed only by the Chairman of the Bank. Any officer in the branch of the bank has no power to appoint anybody as employee of the branch. Daily savings scheme was adopted by the bank and for the working of the said scheme each branch used to have collecting agent who shall meet the account holders, collect the deposits and remit them in the respective accounts of the bank. Such collecting Agents were paid a commission amounting to 2 1/2 per cent of daily collections made by each agent and remitted to the bank. These agents are not employees of the bank. They can never become employees of the bank in view of Section 5(1) of the Banking Companies Regulation Act. The petitioner became a collecting agent after executing an agreement with respondent-bank. He opened the Savings Bank account only for the purpose of crediting the commission due to him in the said account. The Branch Manager of Pothanicaad Branch had engaged the petitioner by paying daily wages without any authority given by the head office. Such engagement by the Manager of the branch is not an appointment to any post in the bank. When the Head Office of the respondent came to notice this irregular engagement the same was stopped from 1-4-83. However, the petitioner worked even after 1-4-83 as a collecting agent in respect of daily savings scheme. The petitioner unsuccessfully filed an application under Kerala Shops and Commercial Establishments Act. Since the petitioner was never an employee of the respondent and he had only a personal engagement given by the Branch Manager, he has no right to raise this dispute on the ground that he was retrenched or terminated from employment. He has the only status of collecting agent with right to get commission. The Industrial Dispute is misconceived and is liable to be dismissed.

## (4) Point for determination is :—

Whether the management of Bank of Cochin Limited, Ernakulam Cochin is justified in terminating the service of Thiru A.O. Alias, Peon with effect from 1-4-1983? If not, to what relief the workman concerned is entitled ?

(5) The Petitioner A.O. Alias did not examine himself as a witness for him but Exs. W-1 to W-7 were marked. For the management Exs. M-1 and M-2 were marked and no oral evidence was given.

(6) It is petitioner's contention that he became a Peon in the Pothanicaad Branch of the respondent bank with effect from 1-2-1981. In fact the petitioner had become a collecting agent in daily savings scheme operated by the said branch and also other branches. The job of collecting agent is to contact the account hold-

ers in Daily Savings Scheme, collect their dues and remit them into their account with the bank. Each agent was paid a commission amount at the rate of 2½% of the total collection remitted into the bank each day. The commission naturally varied from day to-day depending upon the collection and remittance. Ex. M-2 statement of the account of the petitioner maintained by the respondent's branch reveals that different sum on different days were paid to the petitioner as commission by crediting the amounts in his account i.e. the original of Ex. M-2. His daily collection-based commission did not exceed Rs. 20 and on most days it was around Rs. 10 or less than that. This admitted status of Daily Savings Scheme agent was conferred on petitioner w.e.f. 12-5-1980 by Ex. W-5 agreement. Paragraph 2 of this agreement specifically prohibits the collecting agent from receiving or claiming any salary or remuneration applicable and payable to an employee of the bank. This ban is in conformity with Section 5(i) of Banking Companies Regulation Act. The significant of this bar is that an employee of the bank cannot be at the same an agent receiving commission from the bank and vice-versa.

(7) The petitioner who became an agent in Daily Savings Scheme on 12-5-1980 claims that he subsequently became a regular employee of Pothanicaad Branch of the respondent bank from 1-2-1981 onwards. The petitioner could not produce any written order by which he was given this job of a peon in Pothanicaad Branch. The respondent's case is that the concerned Manager of the said Branch had acted irregularly and illegally by engaging the petitioner on daily wages for some errands. The petitioner could not produce or point out any particular document under which he was given Rs. 8 per day as wages for his job as a Peon, disbursed apparently by the Branch Manager. This sum Rs. 8 per day is clearly in addition to the commission credited to the petitioner's account under Ex. M-2 for his contractual service as collecting agent. It is not beyond the financial capacity of the Manager of the bank's branch to engage anyone at a personal level for doing some job may or may not be in connection with the bank and pay him Rs. 8 per day. What work the petitioner did in the said branch for Rs. 8 daily wages is not proved. Any engagement between the petitioner and manager of the branch at a personal level cannot be enlarged into an engagement or relationship between the petitioner and the respondent as employee and employer. The special engagement that was given to the petitioner by the Manager of Pothanicaad Branch of the respondent should be viewed only as a personal affair between the two. No man can claim to be a servant holding particular post in an institution such as the bank without having secured a proper appointment in terms of the normal procedure. If any legal procedure has been followed and thereafter the petitioner was appointed as a peon and he was allowed to work for more than 2 years then perhaps any noticeable irregularity in following the procedure of appointment by the concerned authority can be ignored for protecting the interests of the employee. In this case, no official procedure has been followed by the manager of branch in engaging the petitioner as a peon or as somebody else on daily wages of Rs. 8. The petitioner has not

chosen to examine the Manager of the branch and also himself. There is no order in writing relating to the alleged appointment of the petitioner as a peon by the Manager of the branch. To the petitioner's letter Ex. W-6, respondent has given proforma reply Ex. W-7 in which clause No. 4 is ticked off as the reply. It says that "At present there is no vacancy in the Bank/Branch". This reply does not help the petitioner in any way. The petitioner has not proved that he secured any job under the bank in the capacity of an employee, having been properly appointed by the Competent Authority. Any favour done to the petitioner by the Manager of the branch cannot take the place of appointment given to him by the Chairman of the bank or any other competent authority of the bank in terms of Ex. M-1, the bank of Cochin service code. In the absence of proper recruitment, the petitioner cannot be deemed to be an employee and hence there is no case of retrenching the petitioner or terminating his services by the bank. If at all petitioner can proceed only against the Manager who gave him a job on the basis of daily wages. Therefore I answer this point against the petitioner and hold that he is not entitled to reinstatement or any other relief at the hands of respondent.

(8) In the result, award is passed dismissing the Industrial Dispute. No costs.

Dated, this 22nd day of February, 1991.

जगदीश हरिजन, उप सचिव

S.O. 1191.—Whereas a vacancy has occurred in the Office of the Presiding Officer of the Labour Court, Calcutta, constituted by the notification of the Government of India in the then Department of Labour and Employment Notification No. S.O. 2652 dated the 24th August, 1966;

नई दिल्ली, 11 अप्रैल, 1991

का.आ. 1192 :—जबकि मैसर्स कुमिन्स डीजल सेल्स एण्ड सर्विस इंडिया लिमिटेड, (इसके आगे इसे उक्त स्थापना के रूप में संदर्भित किया गया है) का पंजीकृत कार्यालय, 35-ए/1/2 एरण्डवाना, पुणे-411038 है और इसकी महाराष्ट्र राज्य के बाहर शाखाएं हैं, ने अपने अधिकारियों के संबंध में एक श्रेणी के रूप में कर्मचारी भविष्य निधि स्कीम, 1952 (इसके आगे इसे स्कीम के रूप में संदर्भित किया गया है) के पैराग्राफ 27-क के अंतर्गत छूट के लिए आवेदन किया है।

और जबकि केन्द्रीय सरकार का मत है कि स्थापना के नियमों के अनुसार स्थापन के कर्मचारियों का ऐसा वर्ग भविष्य निधि, पेंशन या उपदान जैसे लाभ प्राप्त करने का हकदार है और ऐसे लाभ पृथक्: या संयुक्त रूप से कुल मिलाकर कर्मचारी भविष्य निधि और प्रकीर्ण उपबन्ध अधिनियम, 1952 या उपरोक्त स्कीम, जिस पर उपरोक्त स्कीम लागू होती है, के अंतर्गत उपबंधित लाभों से कम अनकूल न हो।

अतः अब केन्द्रीय सरकार, समुचित सरकार होने के नाते उक्त स्कीम के पैराग्राफ 27-क के अंतर्गत प्रदत्त शक्तियों का प्रयोग करते हुए और संलग्न अनुसूची में विनिर्दिष्ट शर्तों के आधार पर उक्त स्थापना के ऐसे कर्मचारी वर्ग को उपरोक्त स्कीम के सभी उपबन्धों के प्रवर्तन से छूट प्रदान करती है।

#### अनुसूची

1. उक्त स्थापना से संबंधित नियोक्ता केन्द्र सरकार के द्वारा समय समय पर दिए गए निदेश के अनुसार उक्त अधिनियम की धारा 17 की उपधारा (3) के खंड (क) में उल्लिखित निरीक्षण के लिए सुविधाएं प्रदान करेगा और ऐसा निरीक्षण प्रभार की प्रदायगी प्रत्येक माह की समाप्ति के 15 दिन के अन्दर करेगा।

2. न-छूट प्राप्त स्थापनाओं के संबंध में उक्त अधिनियम और उनके अधीन सृजित उक्त स्कीम के अंतर्गत देय अंशदान के दर से स्थापना के भविष्य निधि नियमों के अंतर्गत देय अंशदान का दर किसी समय भी कम न होगा।

3. पेशगियों के मामले में छूट प्राप्त स्थापना की स्कीम कर्मचारी भविष्य निधि स्कीम, 1952 से कम हितकर नहीं होगी।

4. उक्त स्कीम में कोई भी संशोधन जो स्थापन के वर्तमान नियमों से अधिक लाभकारी है उन पर अपने आप लागू किया जाएगा। उक्त स्थापना के भविष्य निधि नियम में कोई भी संशोधन, क्षेत्रीय भविष्य निधि आयुक्त की पूर्व अनुमति के बगैर नहीं किया जाएगा और जहाँ किसी संशोधन से उक्त स्थापना के कर्मचारियों के हित के प्रतिकूल प्रभावी होने की संभावना है वहाँ अपनी अनुमति देने से पूर्व, क्षेत्रीय भविष्य निधि आयुक्त, कर्मचारियों को अपने विचार प्रस्तुत करने का उचित अवसर देगा।

5. यदि स्थापना को छूट न दी जाती तो वे सभी कर्मचारी (जैसे उक्त अधिनियम की धारा 2(च) में निश्चित किया गया है) जो सदस्य बनने के पात्र होते, सदस्य बनाए जायेंगे।

6. जहाँ एक कर्मचारी जो कर्मचारी भविष्य निधि (कानूनी) या किसी अन्य छूट प्राप्त स्थापना का पहले से सदस्य, है, को अपनी स्थापना में काम पर पाया जाता है तो नियोक्ता उसे निधि का तुरन्त सदस्य बनाए और ऐसे कर्मचारी को पिछले नियोक्ता के पास भविष्य निधि लेखों में संचयों को अंतरित कराने और उसके लेखों में जमा कराने की व्यवस्था करेगा।

7. केन्द्रीय भविष्य निधि आयुक्त के द्वारा केन्द्रीय सरकार के द्वारा जैसे भी मामला हो, समय-समय पर दिए गए निर्देशों के अनुसार भविष्य निधि के प्रबन्ध के लिए नियोक्ता न्यासी बोर्ड की स्थापना करेगा।

8. भविष्य निधि, न्यासी बोर्ड में निहित होगा जो अन्य बातों के होते हुए भविष्य निधि से आय के बिन लेखों और भविष्य निधि से अदायगियों और उनकी अभिरक्षा में शेष के लिए कर्मचारी भविष्य निधि संगठन के उत्तरदायी होगा।

9. न्यासी बोर्ड कम से कम 3 माह में एक बार बैठक करेंगे और केन्द्रीय सरकार द्वारा समय-समय पर जारी किए गए मार्ग निर्देशों के अनुसार कार्य करेंगे। केन्द्रीय भविष्य निधि आयुक्त को अधिकार होगा कि वह किसी अन्य योग्य लेखा परीक्षक से छात्रों को दुबारा लेखा परीक्षा कराए और ऐसे पुनः परीक्षा के खर्च नियोक्ता वहन करेगा।

10. न्यासी बोर्ड द्वारा रखे गए भविष्य निधि लेखा अर्हता प्राप्त निष्पक्ष चार्टर्ड अकाउन्टेन्ट द्वारा वार्षिक लेखा परीक्षा के अधीन होंगे। जहाँ आवश्यक समझा जाए, केन्द्रीय भविष्य निधि आयुक्त को किसी अन्य अर्हता प्राप्त लेखा परीक्षा द्वारा लेखों की पुनः लेखा परीक्षा कराने का अधिकार होगा और इस पर हुआ व्यय नियोक्ता द्वारा वहन किया जाएगा।

11. प्रत्येक वर्ष स्थापना के लेखा परीक्षक तुलन-पत्र के साथ लेखा परीक्षक वार्षिक भविष्य निधि लेखों की एक प्रति वित्तीय वर्ष की समाप्ति के छः माह के अन्दर

क्षेत्रीय भविष्य निधि आयुक्त को प्रस्तुत की जाएगी। इस प्रयोजन के लिए भविष्य निधि का वित्तीय वर्ष पहली अप्रैल से 31 मार्च तक होगा।

12. नियोक्ता प्रतिमाह भविष्य निधि के व्यय अपने कर्मचारियों के अंशदानों की आगामी माह की 15 तारीख तक न्यासी बोर्ड को अंतरित कर देगा। अंशदानों की विलम्ब से अदायगी करने के लिए समान परिस्थितियों में नियोक्ता नुकसानी देने का उसी प्रकार उत्तरदायी होगा जिस प्रकार एक न छूट प्राप्त स्थापना उत्तरदायी होती है।

13. न्यासी बोर्ड सरकार द्वारा समय-समय पर दिए गए निर्देशों के अनुसार निधि में जमा राशियों का निवेश करेगा। प्रतिभूतियाँ न्यासी बोर्ड के नाम पर प्राप्त की जाएगी और भारतीय रिजर्व बैंक के जमा नियंत्रण में अनुसूचित बैंक की अभिरक्षा में रखा जाएगा।

14. सरकार के निर्देशों के अनुसार निदेश न करने पर न्यासी बोर्ड अलग-अलग रूप में और एक साथ केन्द्रीय भविष्य निधि आयुक्त या उसके प्रतिनिधियों द्वारा लगाए गए अधिक प्रभार का उत्तरदायी होगा।

15. न्यासी बोर्ड एक वस्तु-द्वारा रजिस्टर तैयार करेगा और ब्याज और विनियोजन आय को समय पर वसूली सुनिश्चित करेगा।

16. जमा किए गए अंशदानों, निकाले गए और प्रत्येक कर्मचारी से संबंधित ब्याज को दिखाने के लिए न्यासी बोर्ड विस्तृत लेख तैयार करेगा।

17. वित्तीय/लेखा वर्ष की समाप्ति के छः माह के अन्दर बोर्ड प्रत्येक कर्मचारी को वार्षिक लेखा विवरण जारी करेगा।

18. बोर्ड प्रत्येक कर्मचारी को वार्षिक लेखा विवरण के स्थान पर पासबुक जारी कर सकता है। ये पासबुक कर्मचारियों की अभिरक्षा में रहेंगी और कर्मचारियों के प्रस्तुतीकरण पर बोर्ड के द्वारा इन्हें अद्यतन किया जाएगा।

19. लेखा वर्ष के पहले दिन आदि शेष पर प्रत्येक कर्मचारी के लेखों में ब्याज उस दर से जमा किया जाएगा जिसका न्यासी बोर्ड निर्णय करे परन्तु यह उक्त स्कीम के पैरा 60 के अंतर्गत केन्द्रीय सरकार द्वारा घोषित दर से कम नहीं होगा।

20. यदि न्यासी बोर्ड केन्द्रीय सरकार द्वारा घोषित ब्याज की दर इस कारण से कि निवेश पर आय कम है या किसी अन्य कारण से अदा करने में असमर्थ है तो इस कमी को नियोक्ता पूरा करेगा।

21. नियोक्ता भविष्य निधि की चोरी के कारण, लूट खसोट खयानत, गबन अथवा किसी अन्य कारण से हुई हानि को पूरा करेगा।

New Delhi, the 11th April, 1991

22. नियोक्ता और न्यासी बोर्ड, क्षेत्रीय भविष्य निधि आयुक्त को ऐसी विवरणियाँ प्रस्तुत करेगा जो समय-समय पर केन्द्रीय सरकार केन्द्रीय भविष्य निधि आयुक्त निर्धारित करें।

23. उक्त स्कीम के पैरा 69 की गैली पर किसी कर्मचारी को निधि के सदस्य न रहने पर यदि स्थापना के भविष्य निधि नियमों में नियोक्ताओं के अंशदानों को जमा करने की व्यवस्था है तो न्यासी बोर्ड इस प्रकार जमा की गई राशियों का अलग से लेखा तैयार करेगा और उसे ऐसे प्रयोजनों के लिए उपयोग करेगा जो केन्द्रीय भविष्य निधि आयुक्त की पूर्ण अनुमति से सुनिश्चित किया गया हो।

24. स्थापन के भविष्य निधि नियमों में निर्दिष्ट किसी बात के होते हुए भी यदि किसी व्यक्ति की सेवा निवृत्ति होने के फलस्वरूप या किसी अन्य प्रतिष्ठान में नौकरी करने पर निधि हो उद्भूत समाप्त हो जाती है या यह पता लगता है कि प्रतिष्ठान के भविष्य निधि में नियमों के अंतर्गत अंशदान की दर समापहरण की दर आदि संवित्तिक योजना के अंतर्गत दी गई दरों की तुलना में कम अनुकूल है तो अन्तर का वहन नियोक्ता द्वारा किया जायेगा।

25. नियोक्ता भविष्य निधि के प्रशासन से संबंधित सभी खर्च जिसमें लेखों के रखरखाव रिटर्न प्रस्तुत किए जाने, राशियों का अन्तरण शामिल है, वहन करेगा।

26. नियोक्ता समुचित प्राधिकारी द्वारा अनु-योजित निधि के नियमों की एक प्रति तथा जब भी कोई संशोधन होता है, उसकी मुख्य बातों को कर्मचारियों के बहुमत की भाषा में अनुवाद करके स्थापना के बोर्ड पर लगाएगा।

27. "समुचित सरकार" स्थापना की चालू छूट पर और शर्तें लगा सकती है।

28. यदि उक्त अधिनियम के अंतर्गत स्थापना वर्ष जिसमें उसकी स्थापना आती है, पर अंशदान की दर बढ़ायी जाती है, नियोक्ता भविष्य निधि अंशदान की दर उचित रूप में बढ़ाएगा, ताकि उक्त अधिनियम के अंतर्गत दिए जाने वाले लाभों से स्थापना की स्कीम के अंतर्गत दिए जाने वाले भविष्य निधि के लाभ किसी भी प्रकार से कम न हों।

29. उक्त शर्तों में से किसी एक के उल्लंघन पर छूट रद्द की जा सकती है।

[संख्या एस-35015/2/93-एस. एम. II]

ए. के. भट्टराई, अवर सचिव

S.O. 1192.—Whereas Messrs Cummins Diesel Sales and Service (India) Ltd. having its Regd. Office at 35A/1/2 Alandawana, Pune-411038 and having branches situated outside the Maharashtra State (hereinafter referred to as the said establishment) has applied for exemption under paragraph 27A of the Employees' Provident Funds Schemes, 1952 in respect of its officers as a class (hereinafter referred to as the Scheme).

And whereas in the opinion of the Central Government such class of employees of the said establishment are entitled to benefits in the nature of provident fund, pension or gratuity according to the rules of the establishment and such benefits separately or jointly are on the whole not less favourable than the benefits provided under the E.P.F.&M.P. Act, 1952 or under the said Scheme to whom the said Scheme applies.

Now, therefore, in exercise of the powers conferred under paragraph 27A of the said Scheme and subject to the conditions specified in the Schedule annexed hereto, the Central Government being the appropriate Government hereby exempts such class of employees of the said establishment from the operation of all the provisions of the said Scheme.

## SCHEDULE

1. The employer in relation to the said establishment shall provide for such facilities for inspection and pay such inspection charges as the Central Government may from time to time direct under clause (a) of sub-section (3) of Section 17 of the said Act within 15 days from the close of every month.

2. The rate of contribution payable under the provident fund rules of the establishment shall at no time be lower than those payable under the said Act in respect of the unexempted establishments and the said Scheme framed thereunder.

3. In the matter of advances, the scheme of the establishment shall not be less favourable than the Employees Provident Fund Scheme, 1952.

4. Any amendment to the said scheme which is more beneficial to the employees than the existing rules of the establishment shall be made applicable to them automatically. No amendment of the rules of the provident fund of the said establishment shall be made without the previous approval of the Regional Provident Fund Commissioner and where any amendment is likely to affect adversely the interest of the employees of the said establishment, the Regional Provident Fund Commissioner shall before giving his approval, give a reasonable opportunity to the employees to explain their point of view.

5. All employees (as defined in section 2(f) of the said Act) who would have been eligible to become members of the Provident Fund had the establishment not been granted exemption shall be enrolled as members.

6. Where an employee who is already a member of the Employees' Provident Fund (Statutory) or a Provident Fund of any other exempted establishment is employed in his establishment, the employer shall immediately enroll him as a member of the fund and arrange to have the accumulations in the provident fund account of such employee with his previous employer transferred and credited to his account.

7. The employer shall establish a Board of Trustees for the management of the provident fund according to such directions as may be given by the Central Provident Fund Commissioner or by the Central Government, as the case may be, from time to time.

8. The provident fund shall vest in the Board of Trustees who will be responsible for and accountable to the Employees' Provident Fund Organisation inter-alia for proper accounts of the receipts into and payments from the Provident Fund and the balance in their custody.

9. The Board of Trustees shall meet at least once in every three months and shall function in accordance with the guidelines that may be issued from time to time by the Central

Government/Central Provident Fund Commissioner or an officer authorised by him.

10. The accounts of the Provident Fund maintained by the Board of Trustees shall be subject to audit by a qualified independent Chartered Accountant annually. Where considered necessary, the Central Provident Fund Commissioner shall have the right to have the accounts re-audited by any other qualified auditor and the expenses so incurred shall be borne by the employer.

11. A copy of the audited annual provident fund accounts together with the audited balance sheet of the establishment for each accounting year shall be submitted to the Regional Provident Fund Commissioner within six months after the close of the financial year. For this purpose the financial year of the provident fund shall be from the 1st of April to the 31st of March.

12. The employer shall transfer to the Board of Trustees the contributions payable to the Provident Fund by himself and the employees by the 15th of each month following the month for which the contributions are payable. The employer shall be liable to pay damages to the Board of Trustees for any delay in payment of the contributions in the same manner as an unexempted establishment is liable under similar circumstances.

13. The Board of Trustees shall invest the monies in the fund as per directions that may be given by the Government from time to time. The securities shall be obtained in the name of the Board of Trustees and shall be kept in the custody of a Scheduled Bank under the Credit Central of the Reserve Bank of India.

14. Failure to make the investments as per directions of the Government shall make the Board of Trustees severally and jointly liable to surcharge as may be imposed by the Central Provident Fund Commissioner or his representative.

15. The Board of Trustees shall maintain a serial wise register and ensure timely realisation of interest and redemption proceeds.

16. The Board Trustees shall maintain detailed accounts to show the contributions credited, withdrawal and interest in respect of each employee.

17. The Board shall issue an annual statement of account to every employee within six months of the close of financial accounting year.

18. The Board may, instead of the annual statement of accounts, issue pass books to every employee. These pass books shall remain in the custody of the employees and will be brought upto date by the Board on presentation by the employees.

19. The account of each employee shall be credited interest calculated on the opening balance as on the 1st day of the accounting year at such date may be decided by the Board

of Trustees but shall not be lower than the rate declared by the Central Government under para 60 of the said Scheme.

20. If the Board of Trustees are unable to pay interest at the rate declared by the Central Government for the reason that the return on investment is less or for any other reason, than the deficiency shall be made good by the employer.

21. The employer shall also make good any other loss that may be caused to the Provident Fund due to theft burglary, defalcation, mis-appropriation or any other reason.

22. The employer as well as the Board of Trustees shall submit such returns to the Regional Provident Fund Commissioner as the Central Government/Central Provident Fund Commissioner may prescribe from time to time.

23. If the Provident Fund rules of the establishment provide for forfeiture of the employer contribution in cases where an employee ceases to be a member of the fund on the lines of para 69 of the said Scheme, the Board of Trustees shall maintain a separate account of the amounts so forfeited and may utilise the same for such purposes as may be determined with the prior approval of the Central Provident Fund Commissioner.

24. Notwithstanding anything contained in the provident fund rules of the establishment, if on the cessation of any individual, from the membership of the fund consequent on retiring from service or on taking up the employment in some other establishment, it is found that the rate of contribution, rate of forfeiture etc. under the provident fund rules of the establishment are less favourable as compared to those under the statutory scheme, the difference shall be borne by the employer.

25. The employer shall bear all the expenses of the administration of the Provident Fund including the maintenance of Accounts submission of returns, transfer of accumulations.

26. The employer shall display on the notice board of the establishment, a copy of the rules of the fund as approved, by the appropriate authority and as and when amended there-to alongwith a translation of the salient points thereof in the language of the majority of the employees.

27. The "appropriate Government" may lay down any further conditions for contained exemption of the establishment.

28. The employee shall enhance the rate of provident fund contributions appropriately if the rate of provident fund contribution for the class of establishments in which his establishment falls is enhanced under the said Act so that the benefits under the Provident Fund Scheme of the establishment shall not become less favourable than the benefits provided under the said Act.

29. The exemption is liable to be cancelled for violation of any of the above conditions.
